

NATIONAL
INDIGENOUS
LAND AND
SEA
STRATEGY

Delivering your needs for Country

We are embarking on a nation wide engagement process and inviting Aboriginal and Torres Strait Islander people to have a say on the **National Indigenous Land and Sea Strategy**.

With an ever changing society we need to meet the changing expectations of community. This engagement process is an opportunity to tell us your needs and aspirations for Country so we can work better together.

You can join the conversation face-to-face or online.

Phone us on
1800 818 490
and share your
thoughts

Come along to one of our
public face-to-face sessions
or join an online session
