

Welcome to the NILSS

Australian Government
Indigenous Land and Sea Corporation

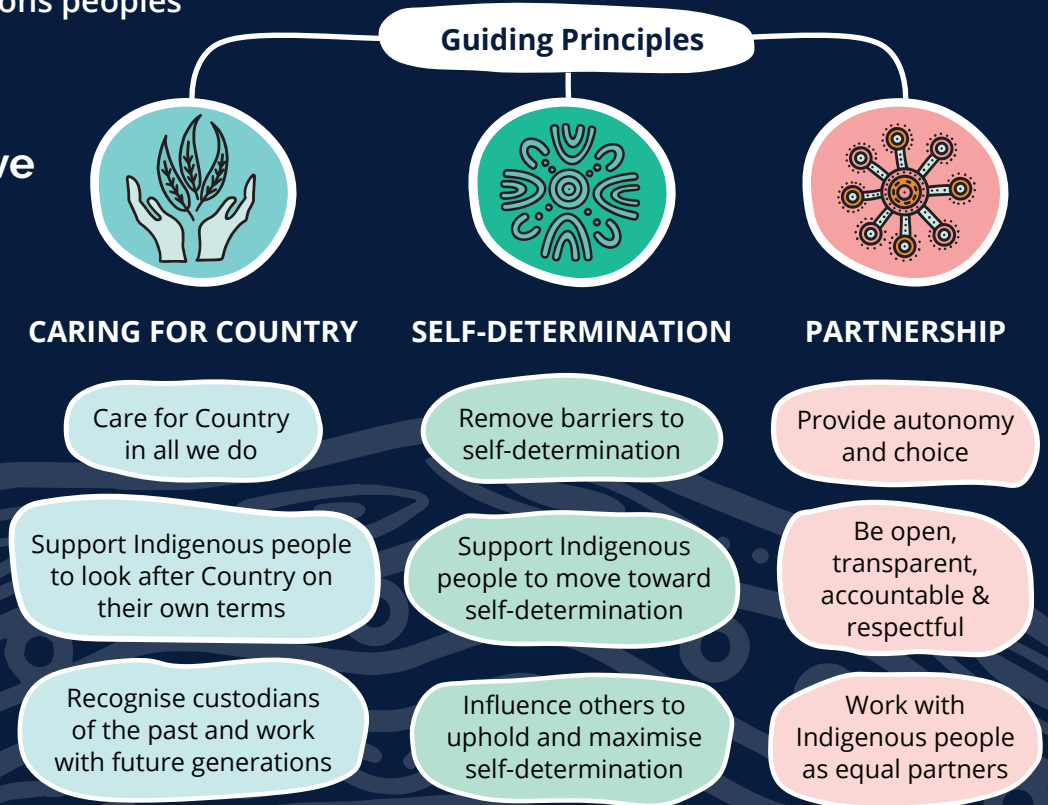

The ILSC GROUP

The Indigenous Land and Sea Corporation's visionary National Indigenous Land and Sea Strategy, shaped by the aspirations and priorities of First Nations peoples for their Country.

What we will achieve in partnership with Indigenous groups

Advancing the First Nations economy through three key principles - caring for Country, self-determination, and partnerships.

Together, we will deliver on the goals, aspirations, and priorities of the people we serve, First Nations peoples.

Our impact by 2028

Working together for progress

Returning Country

Expanding Indigenous rights and interests in Country, in turn maximising self-determination

Managing Country

Growing Indigenous-led initiatives on Country, supporting managers of Country to be sustainable both now and in the future

Sector Leadership

Increasing Indigenous influence on priority sectors, while driving sector progress at scale

Serving you better

Meaningful Connection

Building and maintaining trusting partnerships between the ILSC and its stakeholders

Excellent Service

Providing high-quality, tailored services to meet the needs of the Indigenous organisations we work with

Cultural Leadership

Working as a culturally capable leader, influencing Indigenous groups to improve their practices

This doesn't mark the end of our consultation. Over 2023, the ILSC will develop three Regional Indigenous Land and Sea Strategies (RILSS), ensuring our operations are well connected to regional priorities.
